Re: Sewage
Dornick Point WWTP
NPDES Permit No. PA0026034
APS ID No. 649958
West Taylor Township
Cambria County

Dear Authority Members:

Your Permit is enclosed. Review it carefully, with special attention to the effluent limitations, monitoring requirements, and other requirements in Part C of the permit.

A Discharge Monitoring Report (DMR) and Supplemental Reporting Forms are included. The master DMR will be prepared and distributed by the U.S. Environmental Protection Agency (EPA) in the near future. Use the enclosed DMR Form until you receive a master from EPA. The reporting forms must be submitted to the Department and the EPA Regional Office as instructed in the permit and the enclosed Instruction Sheet.

A copy of an original "Discharge Monitoring Report - Supplemental Sewage Sludge Report" is enclosed. You should make a supply of copies for future use. Please follow the instructions and submit copies of the completed form (2 sided), as an attachment to the DMR, to each of the addresses listed in Part C of the permit, but not EPA.

Attached is a Lab Accreditation Form, recently revised by the Department. It should be completed as instructed per the footnotes listed on the bottom of that form and sent to the addresses listed in Part C of the permit. Because it's possible you may decide to change the laboratory or method of analysis, it is recommended that additional blank copies be made and kept on-site, otherwise a clean form can be obtained through the internet at www.dep.state.pa.us or by contacting the Water Management Permits Clerk at the address or telephone number listed below.

We would like to bring your attention to the Department's electronic DMR (eDMR) program. The program can be accessed through the Internet at www.dep.state.pa.us/edmr and can be used in lieu of paper DMR and supplemental report submissions. Please find enclosed additional information concerning eDMR. We highly encourage your participation in this program. Please direct any questions to the contacts listed on the eDMR fact sheet.

Be advised that this permit grants no authorization to the Authority for the acceptance or treatment of Oil & Gas waste water at the Dornick Point Waste Water Treatment Plant (WWTP). The Authority shall request in writing, approval from the Department, any intent to accept Oil & Gas waste water at the Dornick Point WWTP. The authority shall not accept any Oil & Gas waste water at the WWTP without prior approval from the Department.
